# COMPANY

## PLANO: A HISTORY OF QUALITY

Conceived in 1932 in a small town in Illinois (USA), the Plano brand has become a synonym for Quality and Innovation. **Plano** was the first Company in the World to produce quality polypropylene tool holders.

In 1992, in the wake of this success, Plano Europe was created: a Company in direct contact with the needs of the European Market.

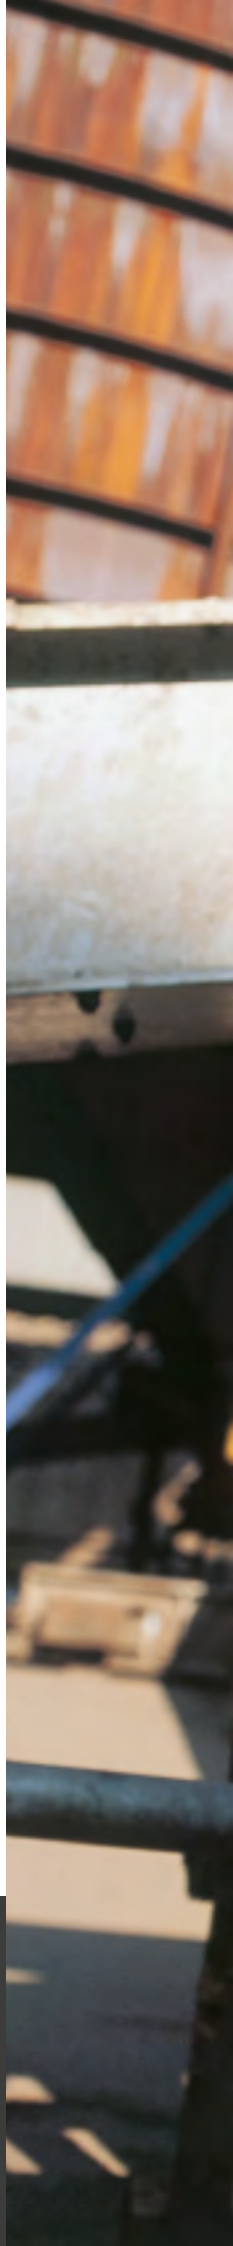

COMING  
SOON

# NEW IMAGE

Totally new, more modern, and impactful graphics.

High added value such as **"Made in Italy"** and recyclability of the utilized materials. Unique on the market "Lifetime warranty" provided for our plastic products!

Improved quality and sticking durability of labels, thanks to plastic of the latest generation, and adhesive supports so that the Professional can immediately and over time perceive the high added value and intrinsic quality of our product.

# WATERPROOF CASE

## IP Rating Chart

IP ratings are represented by combining the first and second digits of the following columns. See example below.

1st Digit - SOLID Degree of protection against solid objects	2nd Digit - LIQUID Degree of protection against water
 <b>6</b>	 <b>7</b>

Example:

Protected against the effects of temporary submersion in water. (30 minutes at 3 feet)  
Dust tight. No ingress of dust.

4 side locks with possibility of padlock

Panels with modular elastic holders and document pocket

Equipped with an extendable carrying handle

IP67 waterproof certification

2 rubberized wheels

Lower part for electric tools and bulky tools - can be compartmentalized

# BUILT TO PROTECT

Eyes are the most exposed body part to the risk of injury during work. Plano glasses are considered 2nd category Personal Protective Equipment for protection against mechanical risks and have the CE mark. Their lenses are made of polycarbonate and are designed to resist steel impact (Resistance test carried out with a 6mm steel ball weighing 0.86g at an impact speed of 162 Km/h). The whole Plano 'Eyewear' range reaches up to the most high protection standards.
